

Bezari is an extract from turmeric. When sprayed on plants it helps increase resistance to stressful conditions.

Bezari should always be tested on its own on each crop and variety before applying to larger areas to ensure that there is no adverse reaction.

Composition	%
Extract of Turmeric Rhizome	0.5%
Potassium Sulphate	5%
Adjuvant (carrier)	Q.S.
Total	100%

FIRST AID MEASURES:

Skin contact: Remove contaminated clothing. Wash contaminated area with mild soap & water.

Eye contact: Gently flush eyes with water for at least 15 minutes.

Inhalation: Move person to well ventilated area & seek medical advice immediately.

Ingestion: Seek medical attention if irritation or symptoms persist.

LIMITED WARRANTY:

Manufacturer or seller makes no warranty, whether expressed or implied, concerning the use of this product other than that for the purposes indicated on the label. Neither manufacturer nor the seller should be liable for any injury or damage caused by this product as not all pesticides and fertilisers have been tested for compatibility. Liability cannot be accepted due to misuse, mishandling or any application not specifically described on the label. Efficacy of any mix will depend upon crop type and growth stage, pesticide concerned, climatic conditions, water volumes and various other factors.

BEZARI

Extract of Turmeric Rhizome

1 Kilo

Approved input for use in organic agriculture according to MIPF standard developed by Ecocert India Pvt. Ltd. india.ecocert.org
